

**RENAULT**  
Passion for life

# Renault ZOE

20 November 2018

**ZE.**

# Simply revolutionary...

Rediscover the pleasure of driving, with Renault ZOE. With cutting edge technology, and a revolutionary range, join the electric revolution.

**2008**

Initiatives to promote electric vehicles: partnerships with Project Better Place and EDF, Presentation of a Scénic prototype powered by a fuel cell and the concept car Z.E. Concept (for Zero Emission).

**2011**

Renault announce they will produce the Twizy and begin taking orders. Production of Fluence Z.E and Kangoo Z.E also begins.

**2014**

Formula E championship is established and Renault design the car used by all teams, the Spark-Renault SRT\_01E. The Renault Edams team wins the inaugural championship.

**2016**

ZOE with Z.E. 40 battery is launched allowing a 250 mile NEDC\* range, setting a new milestone in the market of affordable electric vehicles.

**2009**

Twizy concept is unveiled at the Frankfurt Motor show - Fluence Z.E, Kangoo Z.E and ZOE concepts also unveiled.

**2012**

Production version of ZOE unveiled at Geneva motor show. Kangoo Z.E voted international van of the year.

**2013**

ZOE becomes available to buy in the UK

**2015**

New, more efficient R90 motor introduced, giving 149 miles NEDC\* range.

**2018**

More powerful R110 motor introduced, offering even greater driving pleasure.

\*Homologated range according to NEDC test cycle, for comparison purposes, 250 miles, and may not reflect real life driving results.  
See Driving Range page for more information.

...and awarded  
for it

# Renault Zero Emissions

## Always a step ahead

Renault Z.E. has been pushing the boundaries of innovation since revealing the Z.E. concept car in 2008. Since then, we have been fulfilling our commitment and developing our technology so that our vehicles stay at the front of the electric vehicle market. In 2016 we launched ZOE with the Z.E. 40 battery, with almost twice the capacity of the previous version. Finally, 2018 sees the introduction of the R110 motor, bringing ZOE more power than before.

## First place on the track - first choice on the road

Our commitment to electric motoring innovation runs deeply in Renault's brand DNA. We were a founding partner in Formula E™, the FIA's newest race series. Winning the team championship in 2014/15 and 2015/16 seasons, along with the driver's championship in 2015/16, proves superior electric technology on the track and, as Europe's number one selling EV brand\*\*, on the road.

\*\* Renault number 1 EV brand in Europe year ending 2017.

## Easy Electric Life

Electric mobility does not have to be more complicated than fuel-powered cars.

Far from it, electric power comes as second nature in most areas of our lives - have you ever thought about filling up your smartphone with fuel? Your car does not need to be very different from a phone. Simply put it on charge before you go to sleep, and you know it will be ready for you in the morning.

## The ZOE Experience

We were amongst the first manufacturers to launch a range of affordable 100% electric vehicles.

Because we have years of experience helping customers to integrate electric vehicles into their lives, we are now more than ready to make the electric revolution easy and accessible for everyone. And we have a community of happy ZOE customers to prove it. See the **Will the ZOE fit my lifestyle?** page to see what they think.

## It's in our nature

We are very proud of our partnership with the Eden Project in Cornwall.

Through supplying the project with a fleet of 3 ZOE's, 13 Kangoo Z.E.s and 4 Twizys we are supporting them in their mission to connect people with each other and the living world, exploring how we can work together towards a better future.

## Electric identity

A chrome diamond on a wide, black radiator grille, streamlined blue-tinted headlamps and transparent rear lights with concentric blue edges give ZOE a strong electric identity.

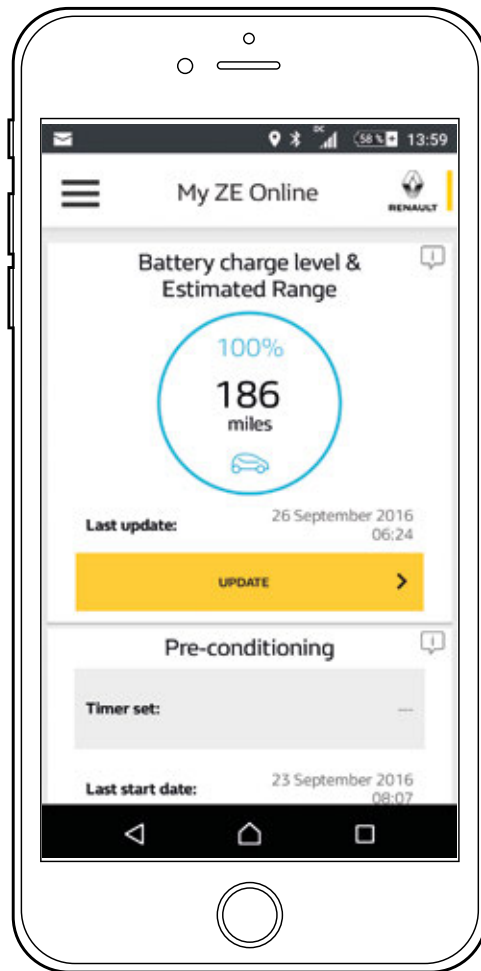

## Effortless, clean styling throughout

ZOE has the stylish appearance of a coupe thanks to built-in rear door handles, which have been branded with the designer's fingerprint. Combined with an interior design that is thoughtful and spacious, ZOE offers the best of both worlds.

Model shown ZOE Dynamique Nav with optional blue interior touchpack

# Technology and innovation

## Z.E. Connected Services

To keep you and your ZOE in sync, there are two Z.E. Connected Services available. These can be controlled using a smartphone or computer.\*

**My Z.E. Connect.** Remotely monitor your battery charging status.

**My Z.E. Interactive.** Remotely charge your battery, pre-condition your car so it's at the desired temperature before you start your journey and set a charging schedule to make the most of off-peak energy tariffs.

\* 3 years free suscription of Z.E. Connect on all models and 3 years free subscription of Z.E. Interactive for Dynamique Nav and Signature Nav. Z.E. Connected Services is compatible with Apple iOS® and Android® devices and is available in the App store and Google Play® store.

## Renault R-Link

The Renault R - Link multimedia system delivers an enriched driving experience and is tailored to your ZOE. The intuitive and touch sensitive 7" screen is extremely easy to use and there are a range of apps dedicated to motoring available to purchase as well as the ability for Bluetooth® audio streaming and hands-free calls.\*

### ZOE driving range and charging points

You can easily view the current driving range, how efficient your driving is and also locate the nearest charging points.

### Make hands-free phone calls

Manually enter numbers or use your contact list to make and receive calls whilst you concentrate on driving\*.

### Android Auto (R) compatible.

This new functionality allows you to connect your Android phone to the car and make the most of some of your favourite apps, like Deezer, Spotify, and Waze, to make your journeys even easier.

# New Z.E. 40 battery

Renault's Z.E. 40 battery stores twice as much energy as its predecessor, despite having exactly the same dimensions! This allows you to travel further while benefitting from the simple recharging, no battery maintenance, and easy recycling at the end of its life.

Located under the floor to lower the centre of gravity, the battery has no impact on either roominess of the car or on the boot volume. ZOE offers 100% torque from start, a quiet motor, no gear changes or petrol stations, **and relaxed driving pleasure.**

# Innovation for a better life

What is the purpose of innovation, if it doesn't offer a tangible benefit?

That's why all of ZOE's innovative features are specifically designed in order to make your electric life even easier.

## 1. Regenerative braking:

Every time the driver brakes, the battery gets a boost of energy. Clever!

## 2. Heat pump:

The heat pump is able to air-condition and heat your car more efficiently than a traditional system, meaning you can stay comfortable without worrying about range.

## 3. EV tyres:

Specifically designed for ZOE, these tyres are able to maximize ZOE's range due to ultra-low rolling resistance technology.\*

## 4. Chameleon Charger™:

Uniquely fitted to ZOE, the Chameleon Charger™ is always able to charge at maximum power available and is therefore quicker and more efficient, saving you time and money.

## 5. Pre-conditioning:

Through Z.E. Connected Services\*\* you can pre-set the temperature of the car so it's ready for you before you get in. Toasty in winter and cool in summer!

## 6. Eco-mode:

When using the eco-mode, the dynamic performance and air conditioning or heating is limited to maximize ZOE's driving range.

# What makes ZOE so special?

No fuss, zero CO<sub>2</sub> emissions\*, easy to drive - these are all the things we love about Electric Vehicles and all the things that the Renault ZOE stands for. There are many benefits to owning a Renault ZOE, including:

**Easy Electric Life.** Renault Z.E. makes the electric revolution easy. Providing you with all the basics you need to integrate ZOE into your life, including your homecharging solution there is nothing left to worry about.

**Wall-Box Included.** ZOE comes with a free charging point installed for retail customers with off-street parking,\*\* so that charging at home is a no-brainer. Plug-in and done. Goodbye petrol station, hello freedom.

**Chameleon Charger™.** Our innovative Chameleon Charger™ is uniquely fitted to ZOE and makes clever charging possible. As it is always able to charge at maximum power available, it saves you time and lets you make the most of the charging stations you come across, as well as of your home charging point.

**Truly Connected.** A connected life is no longer a future scenario. Z.E. Connected Services takes communication between smartphone and car to another level, allowing features such as remote charging, pre-conditioning and monitoring charge status.†

**Style.** We all want style in our lives, and the streamlined appearance and transparent rear lights are some of the features of the ZOE that will ensure you do.

**Low running costs.** Charging ZOE at home is not only easy, but also very cost-effective. With a full charge able to cost less than £3†, you will start saving money journey after journey.

\*CO<sub>2</sub> while driving: 0 g/km, MPG: n/a according to WLTP homologation tests. \*\*Homecharger provided and installed by Chargemaster PLC and only available for eligible customers. See [Wall-Box Included Page](#) for more information. †Features available depend on qualifying subscription. See [Technology and Innovation page](#) for more information. † Less than £3.00 recharge cost - based on (a) overnight electricity charges (Bulb vari-fair tariff with payment via monthly Direct Debit) and (b) a full recharge of the 41kWh battery.

# Driving Range

Now that ZOE is available with Z.E. 40 Battery giving a revolutionary WLTP\* range of 186 miles on one charge, range anxiety is a thing of the past. With real life also estimates of 186 miles in summer and 124 miles in winter\*\* ZOE is able to get you wherever you need to go with less need to recharge on the way, saving you time and money.

Range (miles)	Dynamique Nav R110 Z.E. 40	Signature Nav R110 Z.E. 40	Cost in Pence p/per mile†
WLTP*	186	186	2p
Summer (real world estimate)	186	186	2p
Winter (real world estimate)	124	124	3p

## \*What is the WLTP and why the real-life range is similar to it?

Worldwide Harmonized Light Vehicles Test Procedures (WLTP), this new homologation protocol gives fuel consumption and driving range results that are much closer to real life conditions figures than the NEDC protocol.

While the old NEDC test determined test values based on a theoretical driving profile, the WLTP cycle was developed using real-driving data, gathered from around the world. WLTP therefore better represents everyday driving profiles.

## \*\*Why is the range reduced in winter?

Like all batteries, those in Z.E. vehicles are less efficient in cold weather than at warmer ambient temperatures. This means that you can expect a reduction in the range of your Renault Z.E. in the winter. Also, in winter you are more likely to use the heating, which means ZOE consumes more energy.

Illustrated range for ZOE with Z.E. 40 Battery

— Summer Range  
— Winter Range

Charging times	Dynamique Nav R110 Z.E. 40	Signature Nav R110 Z.E. 40	
7kW (0-100%)	7-8 hours	7-8 hours	This is the rate your free <sup>^</sup> home charging point will be charging at. The majority of your charging will take place here, typically at night. The average adult needs 8 hours of sleep, and same goes for ZOE.
22kW (0-100%)	2 h 40	2 h 40	On most journeys, there is no need to fully recharge and you will typically only top-up for half an hour at a motorway station. The perfect excuse for a cup of coffee.
43kW (0-80%)	1 h 40	1 h 40	You are expecting many long journeys? Why not consider ZOE with Quick Charge option, which reduces charging time for ZOE with Z.E. 40 battery to 65 minutes. <a href="#">See Quick Charge Page</a>

† Less than £3.00 recharge cost - based on (a) overnight electricity charges (Bulb vari-fair tariff with payment via monthly Direct Debit), (b) a full recharge of the 41kWh battery and (c) 186 miles on one charge.

<sup>^</sup>Homecharger provided and installed by Chargemaster PLC and only available for eligible customers. [See Wall-Box Included Page for more information.](#)

# Different Journey and Charging Scenarios<sup>^</sup>

People's daily schedules can be very different. However, ZOE with Z.E. 40 battery can now accommodate even longer journeys.

## Multiple short journeys summer

## 120 mile roundtrip trip summer

## 150 mile journey winter

### KEY

- Driving Distance
- Charging Time

## Did you know that...

- ...the average daily mileage of people in the UK is just under 28 miles<sup>#</sup>. Even if you drove double that everyday, you would not even come close to ZOE's limits.
- ...ZOE's unique Chameleon Charger™ is clever and can adapt to different chargepoints? It is always able to charge at maximum power and is therefore quicker and more efficient. [See Battery and Charging page for more information.](#)
- ...there are many ways to maximize your range? ZOE's smart eco-mode, driver coaching tips, and regenerative braking are able to optimise your driving range.

<sup>^</sup>For illustration purposes only and based on the estimated driving range of ZOE with Z.E. 40 Battery available on ZOE Dynamique Nav and Signature Nav.

<sup>#</sup>Based on the average daily mileage of people in the UK across all brands and models in the New Car Buyer Survey published in January 2017.

# Battery and charging

Just like the other models in the Renault Z.E. range, ZOE is fitted with a lithium-ion battery, offering great performance. It is very simple to charge, even when it is fully discharged and it can also be recycled at the end of its life.

Thanks to The Chameleon Charger™ that is uniquely fitted to ZOE, it is compatible with various power sockets and sources, providing you with a range of charging options. The result? Minimised charging times and maximised flexibility.

## Three easy ways to charge?

**1. At Home.** - A Homecharger is fitted by Chargemaster and offers a 7kW charge that can fully charge the ZOE in 7-8 hours. Now that ZOE with Z.E. 40 battery can go even further, the majority of your charging will take place at home so that topping up the car can be effortlessly integrated into your daily routine <sup>(1,2,3 & 4)</sup>.

**2. Destination.** There are already over 3,000 public charging posts nationwide that provide a charge between 22kW to 3kW and can charge your car from 3-16 hours respectively. This type of charge is ideal for round trips, such as going to and from one destination.

**3. Quick.** These appliances are placed at key locations such as motorway services and have a 43kW capacity. They are ideal for long journeys and can charge your ZOE with Z.E. 40 battery to 80% in 1h 45 mins. With Quick Charge option, this only takes 65 mins. **See Quick Charge page.**

## Not sure where to find chargepoints around you?

Visit [www.renault.co.uk/vehicles/new-vehicles/zoe/battery-and-charging](http://www.renault.co.uk/vehicles/new-vehicles/zoe/battery-and-charging) or download the free Z.E. Explore App to find public posts in your area!\*

# Wall-Box included

Renault has chosen Chargemaster as our preferred Electric Vehicles Charging partner, through which we are able to take advantage of a government grant of up to 75% support. Chargemaster is able to offer our retail customers a FREE<sup>(1)</sup> 7kW Homecharger, fully installed and able to charge a ZOE with Z.E. 40 battery from flat-to-full in 7-8 hours<sup>(2)</sup>.

## Key Benefits of a Chargemaster Homecharger

- Chargemaster Homechargers are fully tested by Renault and carry the Renault Z.E. Ready certification, ensuring these are perfectly compatible with your Renault ZOE.
- The Homecharger has optimal weather resistance thanks to ABS injection moulding, meaning it is suitable for both indoor and outdoor use.
- Key controlled access, so there's no risk of someone using your charger without your consent.
- Ergonomic and discrete design
- Built-in communications module, enabling free access to the electrical consumption data<sup>(3)</sup> of your charger for 4 years after the installation date, via a dedicated web portal called chargevision.

As long as you have off-street parking and modern household electrics, you're eligible for your Wall-Box installation<sup>(4)</sup>.

## Wall-Box installation - It's as simple as 1,2,3...

1. Renault make Chargemaster aware of your Wall-box application request.
2. Chargemaster process your application and will contact you to discuss your household electrics and arrange an installation date with you.
3. A specialised Chargemaster installation engineer will be sent out to carry out the installation, normally within 2-3 weeks from completion of your application.

(1) Based on eligibility of the Wallbox included offer and meeting the qualifying criteria of the OLEV (Electric Vehicle Homecharge Scheme) subsidy of £500.00 (including VAT). Full Terms and conditions <https://www.renault.co.uk/services/renault-ze/charging-solutions.html> and <https://www.renault.co.uk/vehicles/new-vehicles/zoe/battery-and-charging.html> (2) Based on a standard single-phase domestic installation, carried out by 1 man within a maximum of 6 man hours – cable run under 20 metres, no civil works and no electrical remedial work required, asbestos free site, working at normal height. Other costs may apply to a specific installation, which will be confirmed before any work is undertaken. (3) Indicative information – subject to transmission of data and O2 network coverage. (4) The key qualifying criteria for a subsidised homecharger is to prove ownership/primary use of an EV, live in a home with modern household electrical installation and have off-street parking and/or a garage. Finally you need to agree that you will not be claiming back the VAT on the installation and to have the charger's electrical consumption data monitored by OLEV for a period of 3 years from the date of installation. [https://www.gov.uk/government/uploads/system/uploads/attachment\\_data/file/564537/evhs-guidance-for-customers-v-2.1.pdf](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/564537/evhs-guidance-for-customers-v-2.1.pdf). Your vehicle must equally be on the approved plug-in car grant list - <https://www.gov.uk/plug-in-car-van-grants/eligibility>

## A little information about Chargemaster...

Chargemaster is the UK's leading provider of domestic charging solutions, having supplied over 18,000 domestic charging units to date in 12 European countries.

Chargemaster Homechargers are manufactured right here in the UK, at Chargemaster's modern manufacturing facilities. Chargemaster offers a comprehensive installation service with their team of experienced and qualified engineers, right across the UK. Once you have had your Chargemaster Homecharger installed, you will be able to apply for your POLAR Network Card, giving you access to the UK's largest public charging infrastructure, with over 3,000 charging points in key locations all across the country.

# Quick Charge

If you are likely to use your ZOE for long trips on the motorway where 43kW Quick Chargers are available why not consider ZOE Q90 Z.E. 40 Quick Charge?\* The Quick Charge option enables your ZOE to charge from 0-80% in just 65 minutes, and lets you travel further, faster.

Range (miles)	Dynamique Nav/ Signature Nav R110 Z.E. 40	Dynamique Nav Q90 Z.E. 40 Quick Charge	Signature Nav Q90 Z.E. 40 Quick Charge	Charging times	Dynamique Nav/ Signature Nav R110 Z.E. 40	Dynamique Nav Q90 Z.E. 40 Quick Charge	Signature Nav Q90 Z.E. 40 Quick Charge
WLTP*	186	186	186	7kW	7-8 hours	8-9 hours	8-9 hours
Summer	186	174	174	22kW	2 hrs 40	2 hrs 40	2 hrs 40
Winter	124	112	112	43kW (0-80%)	1 hr 40	<b>65 mins</b>	<b>65 mins</b>

ZOE Q90 Z.E. 40 Quick Charge makes longer journeys even easier.

## 186 miles motorway journey summer^

\*Quick Charge Option results in a WLTP Range of 186 miles and real life estimates of 174 miles in summer conditions and 112 miles in winter conditions.

\*\*Homologated range according to WLTP test cycle, for comparison purposes, 186 miles, and may not reflect real life driving results. [See Driving Range page for more information.](#)

† Less than £3.00 recharge cost - based on (a) overnight electricity charges (Bulb vari-fair tariff with payment via monthly Direct Debit), (b) a full recharge of the 41kWh battery and (c) 186 miles on one charge.

^For illustration purposes only and based on the estimated driving range of ZOE with Z.E. 40 Battery and Quick Charge Option.

# Will the ZOE suit my lifestyle?

At Renault we believe that the ZOE can be the perfect fit for a wide range of lifestyles, whether its for a daily city commute, multiple short runs to the local school or shops or even long leisurely drives. Don't just take our word for it, this is what some of our customers have to say as well. Have a look at [www.renault.co.uk](http://www.renault.co.uk) to see what even more of our customers have to say about their ZOE!

*Jill - Woodbridge* **9/10**

- + Great fun to drive. I experience good mileage for the driving I do but I also have the luxury of another car for the big distance.*
  - You have to shut the rear doors with just correct force or they only click half shut/open.*
- 

*Peter - Iwerness* **10/10**

- + Quiet. Rapid acceleration. Comfy. Good range. All round great supermini.*
  - Nothing really*
- 

*Carrie - Heanor* **10/10**

- + No loud engine noise, keyless start, reverse camera, super fun to drive, comfortable.*
- The air vent blows onto the windscreen is visible on the glass, quite distracting, also the chrome accents cause glare if its sunny.*

# Purchase options

**We have created two ownership options to allow you to tailor how you buy your car.**

## HOW IT WORKS - BATTERY HIRE

This ZOE offering allows you to buy the vehicle and lease the battery, reducing the purchase price and providing maximum peace of mind.

- ✓ You only pay for what you need - we personalise your battery hire monthly payment to your requirements
- ✓ Battery performance guaranteed to at least 75% of original capacity, or we'll repair or replace it
- ✓ If you decide to sell your ZOE, your obligation will cease once the new owner takes over the agreement
- ✓ No worries - complete 24/7 roadside assistance, even if you run out of charge

For more detail about how the battery hire works please visit our website [www.renault.co.uk/ZOE](http://www.renault.co.uk/ZOE)

## HOW IT WORKS - FULL PURCHASE

In addition to ZOE (battery hire) we also offer the ZOE i which allows you to buy the vehicle and the battery.

- ✓ No on-going monthly payments, just one simple payment.
- ✓ No Mileage limit in the battery contract.
- ✓ Roadside assistance, breakdown only.
- ✓ Battery guarantee of 8 years / 100,000 miles (160,000 km), whichever comes first, this includes the battery performance guarantee to at least 66% of its original capacity.

For more detail about how full purchase works please visit our website [www.renault.co.uk/ZOE](http://www.renault.co.uk/ZOE)

For prices, please refer to the Renault Car Price Guide available at your local dealer and on [www.renault.co.uk](http://www.renault.co.uk).

## HOW IT WORKS - PLUG IN CAR GRANT (PiCG)

In order to help reduce carbon emissions in the UK, the Government launched the Plug in Car Grant (PiCG) scheme in 2010. The scheme is managed by OLEV (Office for Low Emission Vehicles) who are a cross Government team within the Department for Transport. This scheme is split into three categories with varying support available. The Renault ZOE comes under category 1, which means it qualifies for the highest level of support - a grant of 35%, up to a maximum value of £3,500, towards the cost of a new ultra-low carbon car, which is provided to a consumer at the point of purchase. The grant is applied to the Total Retail Price after discounts which includes the Basic Price and the VAT (this excludes the delivery charge, first registration and any optional extras).

# Renault services

## 3 Years Warranty

Your vehicle is covered by a warranty package for up to 3 years from date of first registration (unlimited mileage during the first 24 months, followed by a further 1 year limited to a total mileage of 100,000). Your Renault Z.E. Dealer is able to repair or replace without charge, parts that are found to have a material or assembly defect that is recognised by Renault. Paintwork warranty runs for 3 years and the anti-corrosion warranty for 12 years.

For Renault Z.E. Warranty Terms and Conditions please visit [www.renault.co.uk/warranty](http://www.renault.co.uk/warranty)

## 3 Years Roadside Z.E. Assistance

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault Z.E. Dealer. This service is available 24 hours a day and is provided for the duration of the battery lease. For the 'i' version where the traction battery is not leased, Renault Z.E. Assistance applies for a period of 36 months from the date of first registration. Assistance is provided within the UK & Northern Ireland only at roadside, home and includes national recovery and onward travel. Renault Z.E. Assistance applies to mechanical or electrical defects which are covered by warranty.

For Renault Z.E. Assistance Terms and Conditions please visit [www.renault.co.uk/assistance](http://www.renault.co.uk/assistance)

## Finance options\*

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

## Renault car insurance option<sup>1</sup>

A car as well designed as your Renault deserves an insurance policy to match. Renault Insurance comes with a 5 Star Defaqto<sup>6</sup> rating and has been specifically created to provide superb protection for you and your car. In addition to a very competitive premium, Renault Insurance also includes: Renault approved parts fitted in Renault Accident Repair Centres, protecting your 12 year anti-corrosion warranty; repairs guaranteed for 3 years; a courtesy car for the duration of any repairs - subject to availability when you use an approved repairer; payment by instalments - subject to status.

### Renault car insurance:

**0330 102 8833<sup>†</sup>**

[www.renaultcarinsurance.co.uk](http://www.renaultcarinsurance.co.uk)

Lines are open Monday - Thursday 8.30am - 7.30pm,  
Friday 9am - 6pm, Saturday 9am - 5pm.

## Renault iCare

Is an innovative Service, Maintenance & Repair product that supplies Business customers with a fully supported, managed hassle free service and maintenance package.

Renault iCare is a "Pay-As-You-Go" product that insures your vehicle is maintained by Renault technical experts when work is required.

iCare provides the following benefits:

- Full Service, Maintenance & Repair cover in the Renault Dealer Network
  - Tyres can be included within the contract at an additional fixed cost
  - Ancillary equipment can also be included (at an additional fixed monthly cost)
  - Excludes: Damage/Neglect/Abuse/Glass & Bulbs
- A fixed, pre agreed pence per mile rate
- No excess mileage charges at the end of the contract
- No pooled mileage administration
- Minimalise downtime

For more information and to obtain a quote based on your requirements, please speak to your local Renault Business dealer or visit [www.renault.co.uk/icare](http://www.renault.co.uk/icare)

## Customer Relations

Renault knows the value of communicating with its customers and we have established effective ways to keep in touch with you. If after speaking to your local Renault dealership you are not completely satisfied, please contact the Renault UK Customer Relations Department on 0344 3350000<sup>†</sup> (Mon-Fri 9.00am to 5.30pm, except Weds 10.00am to 5.30pm. Closed on Bank Holidays). You can also visit our website [www.renault.co.uk](http://www.renault.co.uk) or write to us at: Renault UK Ltd, The Rivers Office Park, Denham Way, Maple Cross, Rickmansworth, Hertfordshire, WD3 9YS.

\*Finance provided by Renault Finance, P.O. Box 149, Watford, WD17 1FJ. Guarantees and indemnities may be required. You must be at least 18 and a UK resident (excludes Isle of Man and Channel Islands) to apply. Subject to status, terms and conditions apply. <sup>†</sup>Calls to 0330 numbers are free if used as part of your inclusive mobile minutes and are charged at local rates from landlines. <sup>6</sup>Defaqto is an independent researcher of financial products. Renault Insurance is provided by Original Insurance Services Ltd, registered in England and Wales No. 05686831 at Batchworth House, Church Street, Rickmansworth, Hertfordshire, WD3 1JE and is authorised and regulated by the Financial Conduct Authority. It is underwritten by Allianz Insurance plc, registered in England No. 84638 at 57 Ladymead, Guildford, Surrey, GU1 1DB. Allianz Insurance plc is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority (Financial Services Register No. 121849). Renault UK Limited (company number 82932), registered at The Rivers Office Park, Denham Way, Maple Cross, Rickmansworth, Hertfordshire, WD3 9YS.
